READ CAREFULLY

TERMS OF SALE

1. Auction sales ARE NOT approval sales. Read these terms carefully. By submitting bids you agree to the terms set forth below. All coins have been classified by experts and while errors will be gladly corrected NO LOT MAY BE RETURNED WITHOUT WRITTEN PERMISSION. Request to return coins MUST BE MADE WITHIN THREE DAYS OF RECEIPT OF COINS. Gold coins cannot be returned from abroad until an import license is obtained. Returned American merchandise also needs import licenses.

2. All bids are to be by LOT as numbered in the catalogue. When identical bids are received, preference is given to earliest bidder.

3. This is a UNRESTRICTED PUBLIC AUCTION. All bids are entered as received and highest bidder will be the buyer. Mail midders may feel free to submit any bid they wish and each lot will be purchased for such bidders at the next highest bid over room bidders.

4. Bidders must establish credit or have on deposit 25% of TOTAL bids.

5. Mail bidders will receive their lots promptly after the end of the sale. All ACCOUNTS MUST BE SETTLED PROMPTLY IN U.S. FUNDS, or in other currencies if special arrangements have been made. We reserve the right to charge interest on overdue accounts.

6. Lots delivered in New York City are subject to 5% Sales Tax. Mail buyers in New York State pay 2% Sales Tax.

7. There will be no charge for executing bids but postage and insurance will be added, and a handling charge for heavy lots.

8. Where estimates are given they represent either the owner's idea of value or our professional opinion as to what they should bring. IN ANY EVENT THEY ARE ONLY ESTIMATES AND YOU CAN BID HIGHER OR LOWER. We recommend however, if you want the lot, bid close to or over estimate.

9. All coins are genuine and as described. All descriptions have been written by Hans M. F. Schulman and Herman Steinberg. Photos are of actual items sold.

10. The buyer who acts as agent for third parties is the only person responsible for his purhases towards the auction house. Third parties refusing to accept coins from the agent are entirely the responsibility of the agent. The auctioneers cannot accept returns from agents because of third parties for any reason whatsoever unless coins were bought with specific special arrangements between the agent and the auctioneers.

11. Lots purchased by floor buyers cannot be returned.

12. Minor's bids are not accepted.

13. In case of dispute the decision of the auctioneer is at all times final.

14. The majority of the lots in this auction are being sold by order of a trustee. Who has imposed on us the condition that coins are delivered to our esteemed customers against signed receipts which are payable within thirty days of receipt of merchandise.

WE SELL 150 LOTS OR LESS PER HOUR IN THIS SALE.

FOREWORD

This large Collection was formed in the 30's and 40's by Jose da Costa Gomez of Curacao and Caracas. He came from a family of coin collectors, and purchased most of his coins in Amsterdam and New York.

Jose left the family business in Curacao to go into real estate in Caracas, and accumulated a large gold collection, especially strong in Latin-America. I do not believe that it is possible to duplicate this collection today. The 1200 gold coins include such rarities as a unique 8 Escudos of Argentina, unpublished dates of 4, 2 and 1 Escudos of Mexico, Colombia, Chile, many 5 guinea pieces and the beautiful proof 5 Pound 1826 of Great Britain, the rarest of Italian gold coins (50 Lire 1884, 100 Lire 1936), Roman aurei, Byzantine solidi, the earliest cob 8 Escudos of Colombia and Peru, a $50 slug and two Roman numeral 1907 $20, early $5 and $10 gold pieces, and rare Brazilian, Portuguese and Spanish gold. Most countries seem represented. They belonged to Jose and other consignors.

The Sale ends with a rare accumulation of West Indian silver and copper, particularly Haiti and Santo Domingo, including some early proclamation coins of Santo Domingo not offered before.

With interest in gold growing, with the inflation in all currencies, we expect a large crowd at the Palm Garden off the main lobby in the Waldorf-Astoria Hotel.

It may be good to realize that we are on the verge of a great interest in coins, and in gold coins particularly. The stocks of foreign gold coins in the U. S. A. are very small, and importation is not great. Prices will have the tendency to go up. What you buy in this sale may cost more a short time later. There are many coins in this sale which are not only numismatically of great interest, but are a good investment — in fact, our opinion is that all are a good investment.

At this date, no other large gold sale is planned by us. Now is the time to take advantage of this offering. Send your agent, or let us bid for you.

253 The rarest South American gold coin, supposedly only 2 or 3 known: **Onza 1868.** Potosi–FE. Inscr./arms. Fr. 37 (no price—just rare); L.Ch. 791(X, which means 1 or 2 known). This is the Newcomer specimen, the only piece I have found a record of (compare the high edge above ES), except for a damaged specimen in the 1963 Swiss Sale, Lucerne Lot 1570. This Newcomer specimen has been purchased by the present consignor. A similar rarity in the U. S. series would sell in the high 5 figures, and in a European series at least over $10,000. It is difficult to estimate the real value at present of this most important Latin–American coin. **PHOTO** (——)

These coins were all countermarked with dies bearing the numbers 60, 50 and 25, as an indication of their new values, with the numbers corresponding to units of paras in the Turkish monetary system. In order to forestall counterfeiting, the General ordered the manufacture of dies in an oval shape with the portrait of Geo. III laureate and in profile, with the number of paras below. The countermarking was done in Zakynthos, in a building near the All Saints' Church. This lot is the 25 Para with head of Geo. III. See Lambros Pl. 17. E. F. stamp. Very rare. **PHOTO** ($200.–300.)

Stupendous, Magnificent, Splendiferous, and all other superlatives !

Hans M. F. Schulman announces a marathon of sales — 9 sessions — of the Prof. T. O. Mabbott Collection of over 20 thousand coins to be offered — PART I — **June 6-11, 1969.** Starting with the ancient series, including many coins hitherto unpublished, through the modern issues, it contains Bracteates, Medieval, Copper Coins of the World, Tokens, Medals - - -.

If you collect coins — any phase — there are some "goodies" here for you, plus the added attraction of pedigree — from the collection of a world famous Professor of Literature. Professor Mabbott spent more than 50 years assembling this collection, and used many of his coins to help illustrate his lectures.

Since the catalogue, now in preparation, will be an elaborate undertaking — the cost of printing, postage, etc. — its mailing can be insured only to subscribers of our $5 annual Subscription Plan. The Mabbott Catalogue and Prices Realized alone should be worth far more to a reference library than the full year's subscription. In the past some collectors, not on our subscription list, have received our catalogues, but the present high costs make this practice most difficult.

Please indicate below whether you do or do not wish to receive our catalogues:

Dear Mr. Schulman:

I would like to subscribe to your $5 annual Subscription Plan to receive all publications for 1 year. This includes the catalogues of the Mabbott Collection, the May 9 Diaz Collection and the prices realized of all auctions. If a copy of the 1968 Primitive Money Catalogue is still available, please send me one. An additional $1 is included herewith.

Yours truly,
